Unilever statement position with regards to AuditOne from the F4SS

Dear Supplier,

Please accept this letter as notification that Unilever will accept, in addition to other auditing options as defined in our Unilever Qualification System, the F4SS AuditOne Program as meeting our supplier assessment requirements.

An audit and certificate, where issued, posted on Unilever Supplier Quality Assurance System would meet our Supplier Quality auditing requirements. These audit documents can in addition be posted to the F4SS interactive portal for sharing with other F4SS member companies.

Kind regards,

A handwritten signature in blue ink that reads 'R. Story'.
